## REPORT OF THE BOARD OF HEALTH

---

Fellow Citizens:

There has been reported to the Board of Health during the year 1923, 1 case of measles, 2 of chicken pox, 3 of scarlet fever, 3 of whooping cough and 3 pulmonary tuberculosis.

A mild form of grip invaded the mill village during the month of February; no fatal cases, aside from the above named conditions, the general health of the people has been good during the year.

Respectfully submitted

H. R. DONELSON,  
E. M. JOHNSON,  
E. M. DWIGHT,  
J. W. CRAM, M. D. Sec'y. and  
Agent of Board.

## REPORT OF LIBRARIAN

---

To the Trustees of the Griswold Memorial Library ;

Herewith is submitted the report of the Librarian for the year ending December 31, 1923. .

The total circulation for the year has been 6,107 volumes, adults 4,270, juvenile 1,837.

During the year we have received forty-five books and five magazines as gifts from Massachusetts Library Commission, and three books from other sources. In September a four day's Institute conducted by Massachusetts Library Commission in connection with Western Massachusetts Library Club was held at Amherst and the Librarian attended as a guest of the Commission. Three certificates on the State Reading List have been given to the school children reading the required number of books.

I would urge the teachers to take a greater interest in the Library in connection with the schools, as every year we receive a splendid set of books especially designated for school use.

Respectfully submitted

BERTHA L. READ,

Librarian.

## REPORT OF DISTRICT NURSE OF COLRAIN

Mr. Chairman, Board of Directors and Citizens of Colrain:

It is with pleasure that I submit the report of this year. Since the meeting was held in August of 1922 this report covers fourteen months from August 1st 1922 to October 1st, 1923.

This past year has been favorable from a point of view concerning health since we have had no epidemic although during the winter months there were many ill with respiratory diseases. Because of the great quantity of snow it was difficult to accomplish my work.

I was unable to use the Ford from Christmas until April 10th. There were numerous repairs to be made on the Ford due to the unfortunate accident in November. I wish to thank the members of the Association for the kindness and generosity of spirit in which they received news of the disaster.

On October 25th I received appointment of School Nurse. The examination had been made by the School Physician with Miss Metcalf assisting.

Using the records as guides I informed the parents of defects found and tried to help in making arrangements for connections. Two or three pupils had adenoid and tonsil operations before winter. Several had dental work done, some of these I accompanied to the dentist's office because the parents were not at liberty to do so.

The Modern Health Crusade was not installed in the schools this year but we tried to keep up the interest in the rules of the Chart. In one school every student had finished the chores on the card for two consecutive weeks. Mother Goose Rhymes on post cards donated by the Metropolitan Life Ins. Co., were used for rewards.

Pediculosis was less a problem this past year than previous times and I hope this present year will show fewer cases. The schools troubled were Shattuckville, Griswoldville and Foundry Village and usually I found the same children for two or

three consecutive visits. Toward the end of the school year we had the heads pretty well cleaned up. Usually these children have very little home care because of mothers working in factories.

It is difficult to teach the essentials of cleanliness in schools where there is no running water. When children are in school several hours without washing hands frequently they soil the books that must be used year after year. This is not sanitary.

There is need of cooperation to remedy these conditions.

Nutrition work is needed in the schools. During the talks I give the school children I have endeavored to acquaint pupils with knowledge of wholesome foods. To each student who carries lunch I have given a book "The School Lunch" distributed by the Massachusetts Dept. of Public Health. Parents must be taught to realize the need of proper wholesome food for children. This work must be done gradually and by frequent home visits. I feel some results have been accomplished.

A Free Chest Clinic was held July 6th with 26 patients for examination. Dr. Chadwick and Dr. Morgan were in charge. Summary: one case found healed; positive one; suspicious seven. Two patients were found positive and have entered the Rutland Sanatorium for treatment. Five of the suspicious cases were underweight school children.

Dr. Millett of Greenfield has very generously offered to perform adenoid and tonsil operations at a nominal fee.

Dental work is very necessary but because of the expense a great deal of this work is postponed. A Dental Clinic is something for the people of Colrain to look forward to and plan for.

Through the courtesy of Miss Elsie Smith we were able to obtain tooth brushes for seven cents each. These were sold to the school children. We disposed of a great many.

The Massachusetts Tuberculosis League loaned us several posters from time to time which were distributed to the schools and allowed to remain from one to two weeks.

There are great possibilities in the School Work.

Carried into August 1922—58 patients. New patients admitted 137; patients dismissed 139; carried into October

1923—56 patients. Of these 25 are well babies; 5 are prenatal; 18 are tubercular or suspicious cases; 3 nursing patients and 5 social.

During the fourteen months there were made 1071 nursing visits; 46 prenatal; 103 well babies; 23 visits to tubercular patients; 24 visits to M. L. L. Co., patients. Have attended and assisted at 16 deliveries; accompanied two patients to the Hospital; assisted at two operations and one clinic. I have made 79 professional visits to the schools; 56 visits to the homes; 7 visits to dentists with school children other visits 184. Total number of visits 1613. Fees collected \$454.91.

I wish to thank the Board of Directors, Physicians, School Board, Supt. of Schools, School Teachers and Towns people for their loyal support and cooperation.

Respectfully submitted

## **Report of an Audit of the Accounts OF THE TOWN OF COLRAIN**

For the Fiscal Year Ending December 31, 1923.

Made in Accordance with the Provisions of Section 35,  
Chapter 44, General Laws.

---

January 26, 1924

To the Board of Selectmen,

Mr. Herbert R. Donelson, Chariman,

Colrain, Massachusetts.

Gentlemen:

I submit herewith my report of an audit of the accounts of the town of Colrain for the fiscal year ending December 31, 1923, made in accordance with the provisions of Section 35, Chapter 44, General Laws. This report is in the form of a report made to me by Mr. Edward H. Fenton, Chief Examiner of this Division, who was placed in charge of the work.

Very truly yours,

THEODORE N. WADDELL,

Director of Accounts

Mr. Theodore N. Waddell,

Director of Accounts,

Department of Corporations and Taxation,

State House, Boston.

Sir:

As directed by you, I have made an audit of the accounts of the town of Colrain for the year ending December 31, 1923, and submit the following report.

The financial transactions of the town as recorded on the books of the several departments were examined and checked.

The surety bonds of the treasurer, town clerk, and tax collector were examined and found to be in proper form.

The books and accounts of the treasurer were examined and checked in detail. The recorded receipts were checked with the records in the several departments collecting money for the town and with the other sources from which money was paid into the town treasury; and the payments were checked with the orders authorizing the treasurer to disburse town funds.

The cash book was footed throughout for the period covered by the audit, the cash on hand was verified by an actual count, and the bank account was reconciled with statements furnished by the bank.

During the process of the audit it was learned that several departments had bills aggregating several hundred dollars which had not been presented for payment at the close of the year. I must therefore again recommend that special effort be made to get all bills in before the close of the year, as payments for all bills incurred during a fiscal year should be made from the revenue of that year. Attention was called to the fact that no liability may be incurred in excess of the amount appropriated for any purpose and that town officers should plan their work within the appropriations provided. This is stated in Section 31 of Chapter 44 of the General Laws, which is as follows:

No department of any city or town, except Boston, shall incur liability in excess of the appropriation made for the use of such department, except in cases of extreme emergency involving the health or safety of persons or property, and then only by a vote in a city of two thirds of the members of the city council, and in a town by a vote of two thirds of the selectmen.

The accounts of the tax collector for the commitment of taxes for the 1916, 1918, 1920, 1921, 1922, and 1923 were checked and verified. The collections were compared with the treasurer's cash book, the outstanding accounts were listed, and the abatements were checked with the record of abatement granted. The outstanding accounts were further verified by sending notices to seventy-five persons whose names appeared on the books as owing money to the town, and from the replies received I am satisfied that the accounts are correct.

The collector was not keeping a cash book and did not have stubs for all payments, but a cash book has now been open and stubs for each payment are to be retained.

The records of the town clerk for the period covered by the audit were examined and checked, the records of dog licenses issued, as well as those for hunting and fishing

licenses, being compared with the records of receipts, and the payment being verified.

The records of the library treasurer were examined and checked. The receipts were checked with the income from trust funds and from other available sources; and the payments were checked with the orders of the trustees authorizing the disbursement of money.

The securities representing the investments of the Griswold Memorial Library and the Davenport Relief Fund were personally examined and checked. The income from the library funds was proved. No income has been drawn from the Davenport fund for two years.

The accounts for the year were analyzed and a balance sheet, which is appended to this report, was prepared, showing the financial condition of the town December 31, 1923.

There are also appended to this report tables showing a reconciliation of the treasurer's cash, summaries of the tax accounts, and statements of the trust fund transactions.

While engaged in making the audit I received the hearty co-operation of the various officials, and I wish to express my appreciation for the assistance rendered and the courtesies extended.

Respectfully yours,

EDW. H. FENTON,

Chief Examiner
